### Cybersafe from Exploitation

Presented by Tianna Sharifi, Exploitation Education Institute  
April 8, 2025 | 6:30 – 8 p.m.

As the digital world continues to evolve, so do the risks our children face online. We invite you to join us for an informative and practical session, Cybersafe from Exploitation, led by Tianna Sharifi of the Exploitation Education Institute. This session is designed to provide parents with critical insights and tools to safeguard their children from online sexual exploitation. Together, we will explore current trends in online exploitation, understand the dangers associated with AI and deepfakes, and learn how to identify red flags and warning signs. You will also discover effective ways to talk to your child about online safety, navigate the complexities of information sharing, and gain practical advice on handling risks tied to gaming platforms. With a focus on real-world issues and actionable strategies, this session aims to empower you to have informed and impactful conversations with your children.

We look forward to seeing you there and supporting you in keeping your family safe online.

Closed captioning in multiple languages will be available for participants.
